The perfect ambience in the outdoor area requires not only the right decoration, but above all beautiful lighting. Our GARONNE series goes perfectly with straight-lined outdoor furniture and provides pleasant lighting and a perfect ambience for relaxed summer evenings. Whether a well-lit entrance area, path to the house or garden or simply a simple wall and ceiling light for the balcony - the outdoor light has IP44 protection and can therefore be used flexibly. The rust-coloured die-cast aluminium supports the linear design and represents a stylish combination with modern elements in the outdoor area. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.
